LineLazer IV 5900

LineLazer IV 200Hs

LineDriver

"In 4 years of almost daily use we've had no downtime with our Graco LineLasers. They're easy to use, always shoot great lines and our customers are impressed with the quality, accuracy and speed of our work."

- James Schwab -

S&S Contracting
Bartow, FL

In 1990 Graco introduced LineLazer, the innovative airless line striping system that revolutionized the pavement marking industry. Over the years, the LineLazer family of products has been improved to meet the ever-changing needs of the pavement marking industry — each time delivering substantial benefits to the professional striping contractor. LineLazer IV continues the tradition of delivering advancements in user features and performance, creating the best family of strippers yet!

Graco G4 Program

We stand behind the quality built into every machine we offer!

Proven Quality

Each LineLazer boasts Graco quality and dependability that you can count on.

Maximum Performance

LineLazer is engineered to deliver maximum performance for completing jobs quickly and efficiently.

Longest Warranty

Graco backs LineLazer with a full 3-year warranty from defects in material and workmanship.

Unmatched Productivity

LineLazer's productivity enhancing features make transport, set-up, operation and clean-up simple and less time consuming.

The LineLazer 3400

20% more output and 10% more pressure than the LineLazer 3000!

The LineLazer 3400 is all new from the ground up. It is sure to be a hit with parking lot and seal coating contractors who are looking for professional performance and features, in a one-gun machine.

New Easy Reach Controls

- Commonly-used operator controls are located right at the handle bars.
- Fine tune the striping system operation without stopping production.

New Swivel Front Wheel

- Provides easier "up to the curb" parking lot striping with the ability to also stripe arcs and curves.
- Tapered locking pin design for years of dependable operation.

New Handle Bar Design

- A more natural, high-comfort design for greater striper control and less operator fatigue.
- Contoured grips comfortably fit your hands.

New Electronic Pressure Control

- Accurate, tight tolerance system for improved line quality.

New Easy-Roll Wheel Design

- Tall, low friction wheels push easier for reduced operator fatigue.

New Chromex™ Pump Rod

- Long life rod treatment built for the most demanding applications.
- 4x harder than ordinary chrome.

New handle bar design

New parking brake

New swivel front wheel

Both the new LineLazer IV 3900 and 5900 models incorporate substantial performance enhancements – designed specifically to deliver the most precise and consistent lines in the industry.

New Advanced Vibration Reduction System

- Removes engine vibration, taking line quality to the next level.
- Up to 60% less vibration at the spray tip.

New Rear Gun Mount

- Ability to place the guns near the rear axle for applying straighter long lines and smoother curved lines.
- Better gun visibility, especially on glass bead applications.

New Light Weight Gun Holder

- A full 25% lighter to minimize gun movement caused by rough pavement.
- Durable, extruded aluminum design.
- Spring-assisted cable return for positive gun shut-off.

New Chromex Pump Rod

- Long life rod treatment built for the most demanding applications.
- 4x harder than ordinary chrome.

New Flow-Through Easy-Out Filter

- Filter element removes with the cap for convenient, mess-free access.
- Flow-through design flushes faster for quicker color changes.

LineLazer IV 3900 & 5900

LineLazer IV 5900 delivers 7% more output

LineLazer IV 3900 delivers 9% more output

New Easy-Out Filter

New Rear Gun Mount

New Engine Mount

LineLazer IV 200hs

The new LineLazer IV 200hs includes an all new, high-capacity cooling system in addition to all of the industry-changing LineLazer IV features.

All-New LineLazer IV Features

- Advanced Vibration Reduction System
- Built-in rear gun mount
- Light weight gun holder
- Chromex Pump Rod
- Flow-through Easy-Out filter

High-Capacity Cooling System

- 20% larger hydraulic fluid reservoir to keep the system running cool.
- Innovative cooling fins wrap down and under the reservoir.

New Cooling Fan Design

- Delivers nearly 70% more air flow to keep the hydraulic pump running cool.

New Motor Mounting System

- Improved belt alignment for longer belt life.
- New auto-tensioning spring is center-mounted for consistent, smooth operation.

High-Efficiency Hydraulic Motor

New Cooling Fan

High Capacity Reservoir

LineDriver Ride-On Striping System

Connect LineDriver to your LineLazer IV striper and immediately double your striping production. You'll complete jobs in half the time while improving line quality and accuracy. The LineDriver is engineered to meet your needs, revolutionizing the way you work.

Amazing Productivity

- Walking speeds limit striping production. LineDriver delivers dramatic increases in productivity so you can finish jobs in less time and expand your striping business.
- Forward speeds to 10 mph (16 km/h), reverse speeds to 6 mph (10 km/h); change directions instantly for consistent lines all the way to the curb.

Reduces Operator Fatigue

- Striping contractors can walk up to 6 ft (1.8 m) for every 1 ft (.30 m) of line painted
- Operator fatigue reduces production as the day wears on. With the LineDriver managing the weight of the striper, fatigue is not a concern.

Improves Stripes

- By maintaining striping speeds to within 1/10 mph (.16 km/h), LineDriver helps you produce a more consistent line thickness (film build) for more precise and longer-lasting stripes.

New LineLazer IV handle bar design provides 5 more inches of leg room. (13 cm)

Dual Foot Pedal Controls

Under-Seat Storage

Hydrostatic Pump

With industry-changing features and time saving productivity improvements, LineLazer IV Line Stripers are once again advancing the striping industry.

LineLazer IV New Features

Advanced Vibration Reduction System

Breakthrough design takes line quality to the next level, producing crisp edge lines — even with the guns extended!

Uniquely designed deep-draw motor mount with precisely-placed rubber isolators.

Oversized, uni-mount gun bar holder helps dissipate vibration by forcing it away from the gun.

Sprayed line left uncontrolled.

Sprayed line controlled by LineLazer IV's Advanced Vibration Reduction System.

High-Output Light Kit features the world's brightest Luxeon™ LED bulb and a durable anodized aluminum body with tempered glass lens.

Flow-Through Filter removes with the cap for mess-free access. Unique flow-through design flushes faster for quicker color changes.

New Gun Holder is 25% lighter, lessening movement caused by rough pavement. The durable, extruded aluminum design uses a spring assisted cable return for positive gun shut-off.

Long Life Endurance™ Pump sets the industry standard, featuring the new Chromex Rod, which is 4 times harder than ordinary chrome!

SmartControl™ Digital Tracking System

Track, measure and control every aspect of your jobs.

New Back Lit Display – now visible, even in low-light conditions.

Pressure	Speed	Mil Build Thickness	Distance Striped	Material Used
3300 ^{psi}	mph 26	14 ^{MIL} FL	32674 ^{ft}	GAL 8.3

Accessories To Make Striping Easier

In the striping business you get what you pay for, and nothing boosts your production like the right accessories. Graco's strength and reliability carries through to our full-range of performance enhancing accessories.

EZ BEAD™ GLASS BEAD APPLICATION SYSTEM

- 277064
- 277065
- 241530
- 277067
- 245516
- 277066
- 245520

Dispense beads automatically. Adjust dispensing heads to stripe 2 in (51 mm), 4 in (102 mm) and 6 in (153 mm). EZ Bead Hopper is reversible for use on both sides of striper.

- Complete EZ Bead System with two dispensers
- Complete EZ Bead System with one dispenser
- Complete EZ Bead System with two dispensers for LineLazer 3500 and 5000
- Dispenser Kit (contains one dispenser and hose)
- EZ Bead 12 in (305 mm) Bead Dispenser
 - Full 12 in (305 mm) bead dispenser with one gun
 - Convenient 4 in (102 mm) center bead door for applying 4 in (102 mm) stripes with beads
- EZ Bead Wind Deflector; 6 in (153 mm) – 6-pack
- EZ Bead Wind Deflector; 12 in (305 mm) – 3-pack

LINELAZER LINE POINTER SYSTEM

- 277062
- 277063

Available in two lengths for parking lot and highway use. Wide blade allows operator to follow string line in both directions. See-through design gives clear view of pavement. Pointer folds up for easy curb access and storage.

- Short Pointer Guide – 25 in (635 mm)
- Long Pointer Guide – 40 in (1016 mm)

LINELAZER IV LIGHT KIT

- 277061

Provides improved visibility in low-light conditions.

- Low-drain, high-output LED light for use with LineLazer IV stripers (includes multi-position mounting hardware and 7 ft cable for mounting location flexibility)

WHEEL REPLACEMENTS

- 241105

Fat Track™ Retro Kit - Updates LineLazer 3500s and 5000s to Fat Track Technology

15 GALLON (57 L) PAINT HOPPERS

- 241104
- 241103

Triple your paint capacity — spend less time re-filling and more time striping.

- For LineLazer 3900, 5900, 200HS
- For LineLazer 3500, 5000 (order suction kit 238962 for use with LineLazer 3500)

2ND GUN KITS

- 287553
- 245465
- 241284

- Complete kit for two-gun striping with the LineLazer IV models
- Complete kit for two-gun striping with the LineLazer III models
- Complete kit for two-gun striping with the LineLazer II models

TURF STRIPING ACCESSORIES

- 249081
- 249082
- 249083

- Adjustable Spray Shield Kit. Attaches easily to any LineLazer line striper to contain the spray pattern when applying diluted turf paints.
- Turf Tire for LineDriver - Wide, low pressure Turf Tires (contains 2 tires, rim-mounted)
- Turf Tire for LineLazer 3900, 5900 and 200HS - Wide, low pressure Turf Tires (contains 2 tires, mounted on rims; wheel bearings)

Ask your local authorized Graco distributor for details on Graco's complete line of airless accessories.

Reliability On Demand

Graco understands — when your striper goes down, so does your job. That's why we create programs and products to support you.

Endurance Advantage Program

Purchase a Graco LineLazer 3400, 3900, 5900 or 200HS and you can purchase an **Endurance Pump for up to 85% less than list price!** Keep a spare pump on hand to save yourself time and money on every job. If you'd rather repack your own pump, we'll let you choose a free Repair Kit instead.

WARRANTY

3-Year Warranty

Coverage against defects in materials and workmanship on the entire striper.

30-Day "Just Add Paint" Replacement Guarantee

Dissatisfied? Simply return the striper to the place you bought it within 30 days. They'll either exchange it for an identical striper or you can trade up to a larger striper at an extra cost.

Downtime Eliminator Program

Part needed for a warranty repair not in stock at your distributor? Get FREE next business day air freight delivery when distributor orders the part by 2 p.m. CST.

"Graco's gun mounts are solidly built, reducing vibration for a sharper line even when they are extended; and the gun holders themselves are designed for trouble-free use. It's features like this that have led me to own Graco line stripers for the past 11 years."
